

# ***I Choose to Worship***

By Rend Collective

I choose to worship I choose to bow  
Though there's pain in the offering I lay it down  
Here in the conflict, when doubt surrounds,  
Through my soul is unraveling I choose You now.

CHORUS: I will praise You through the fire, through the storm and  
through the flood There is nothing that can ever steal my song  
In the valley, You are worthy, you are good when life is not, You  
will always and forever be my song

I build my altar right here and now  
In the midst of the darkest night it won't burn out  
For You are perfect, no matter what  
In the joy or the suffering I'll sing it loud

Chorus, then:

When the enemy says I'm done, I'll lift my praises  
When my world comes crashing down I'll lift my praises  
'Till the darkness turns to dawn I'll lift my praises

I choose to worship, I choose You now

(Repeat)

I choose to worship, I choose You now

I choose to worship I choose You now

I choose You now
